LINK Mobility – Stabilisation and over-allotment notice

Oslo, 21 October 2020: Reference is made to the announcement by LINK Mobility Group Holding ASA ("LINK Mobility" or the "Company" and together with its consolidated subsidiaries "LINK" or the "Group") on 20 October 2020 regarding the completion of the initial public offering of shares in the Company (the "Offering").

ABG Sundal Collier ASA (the "Stabilisation Manager") may, on behalf of the Managers (as defined below), engage in stabilisation activities from today, 21 October 2020, to, and including, 19 November 2020 (the "Stabilisation Period"). Any stabilisation transactions will be aimed to support the market price of the LINK Mobility shares.

In connection with the Offering, the Managers have over-allotted a total of 19,155,000 shares in the Company to applicants in the Offering, equalling approximately 15% of the total number of shares allocated in the Offering. In order to permit delivery in respect of such over-allotments made, Victory Partners VIII Limited and certain other lending shareholders (the "Lending Shareholders") have lent to the Stabilisation Manager, on behalf of the Managers, a number of existing shares in the Company equal to the number of over-allotted shares. For further details on over-allotment and stabilisation activities, please see the prospectus dated 12 October 2020 prepared by the Company in connection with the Offering (the "Prospectus").

Further, the Lending Shareholders have granted to the Stabilisation Manager, on behalf of the Managers, an over-allotment option to purchase from the Lending Shareholders, up to 19,155,000 shares in the Company at a price per share of NOK 47.00, which is equal to the offer price in the Offering (the "Offer Price"). The over-allotment option is exercisable, in whole or in part, by the Stabilisation Manager, on behalf of the Managers, within the Stabilisation Period. The Stabilisation Manager may close out the short position created by over-allotting shares in the Offering by buying shares in the open market through stabilisation activities and/or by exercising the over-allotment option.

The Stabilisation Manager may effect transactions with a view to supporting the market price of the LINK Mobility shares at a level higher than what might otherwise prevail through buying shares in the Company in the open market at prices equal to or lower than (but not above) the Offer Price. There is no obligation on the Stabilisation Manager to conduct stabilisation activities and there can be no assurance that stabilisation activities will be undertaken. If stabilisation activities are undertaken, they may be discontinued at any time, and must be brought to an end upon or before expiry of the Stabilisation Period.

Within one week following the expiry of the Stabilisation Period, the Stabilisation Manager will publish an announcement on the Oslo Stock Exchange's NewsWeb, under the Company's ticker, with information as to whether or not it has undertaken any stabilisation activities, including the total number of shares sold and purchased, the date at which the stabilisation activities commenced, the date at which stabilisation activities last occurred and the price range within which stabilisation was carried out for each of the dates where stabilisation transactions were made.

Any stabilisation activities will be conducted in accordance with Section 3-12 of the Norwegian Securities Trading Act (*Nw.: Verdipapirhandelloven*) and the EC Commission Regulation 2273/2003, as well as the Market Abuse Regulation and the Commission Delegated Regulation (EU) supplementing the Market Abuse Regulation with regard to regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures.

ABG Sundal Collier ASA and Jefferies International Limited are acting as Joint Global Coordinators and Joint Bookrunners in the Offering, while Carnegie AS is acting as Joint Bookrunner and SpareBank 1 Markets AS is acting as Co-Lead Manager (jointly the "Managers").

AGP Advokater AS is acting as Norwegian legal counsel to the Company and Paul Hastings LLP is acting as international legal counsel to the Company. Advokatfirmaet Thommessen AS is acting as Norwegian legal counsel to the Managers and Davis Polk & Wardwell London LLP is acting as

international legal counsel to the Managers. TRY Råd is acting as communications adviser to the Company.

MIFID PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET

Solely for the purposes of the product approval process of the Managers, the target market assessment in respect of the securities described in the prospectus (the "Securities") has led to the conclusion that: (i) the target market for the Securities is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the securities to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Securities (a "distributor") should take into consideration the Managers' target market assessment; however, and without prejudice to the Company's obligations in accordance with MiFID II, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the Managers' target market assessment) and determining appropriate distribution channels.

STABILISATION

In connection with the Offering and in accordance with all applicable laws and rules, ABG Sundal Collier ASA, in its capacity as stabilisation manager for the Offering on behalf of the Managers, may (but will be under no obligation to) effect stabilisation transactions with a view to supporting the market price of the offer shares during the stabilisation period at a level higher than that which might otherwise prevail. However, stabilisation action may not necessarily occur and may cease at any time. Any stabilisation action may begin on or after the date of commencement of trading of the offer shares on the Oslo Stock Exchange on an "if issued/if sold" basis and, if begun, may be ended at any time, but it must end no later than 30 days after that date. Any stabilisation action must be conducted by the stabilisation manager in accordance with all applicable laws and rules and can be undertaken at the offices of the stabilisation manager and on the Oslo Stock Exchange. Stabilisation may result in an exchange or market price of the offer shares that is higher than might otherwise prevail, and the exchange or market price may reach a level that cannot be maintained on a permanent basis.

Any stabilisation activities will be conducted based on the same principles as set out in Section 3-12 of the Norwegian Securities Trading Act and the EC Commission Regulation 2273/2003 regarding buy-back programmes and stabilisation of financial instruments.
